

# KENAI AIRPORT

## **Contents:**

- A Pavement Strength Form showing project history, latest Pavement Condition Index (PCI) data, pavement strength ratings (if available) and other useful information
- A Pavement Condition Survey – PCI Sample Unit Layout Plan
- PCI maps showing as-measured and predicted pavement conditions
- Age map showing pavement age as of 2003
- A Branch PCI Condition Report
- A Section PCI Condition Report

## **Airport Information:**

- Location: The Kenai Airport is located in the north central part of the Kenai Peninsula near the City of Kenai, in south central Alaska. It is owned and maintained by the City of Kenai. This airport serves both civilian passenger and cargo aircraft. Private aircraft and some military aircraft use the airport. It generally serves C-130 and smaller aircraft. The airport has fences, controlled access and has a tower.
- District: Peninsula, South Central
- Airport Manager: Rebecca Cronkhite
- Maintenance Manager: Vaccant
- Pavement Surface: All hard surfaces are Asphalt Concrete.
- Last Pavement Construction:
  - 1998
- Pavement layout: Paved areas on the Kenai Airport consist of runway 1L-19R, 2 Aprons and 13 Taxiways.
- Design Aircraft: C-130
- 2001 Enplanements: 106,673
- Airport Class: Primary
- Last pavement condition survey: June 9 & 10, 2003
- Next planned pavement condition survey: 2006
- 2003 reported pavement maintenance and/or changed conditions:
  - No reports

## **Recommendations:**

- Crack seal and patch as needed
- Rehabilitate or reconstruct:
  - Runway 1L-19R
  - Taxiway A
  - Taxiway F
  - Taxiway G
  - Apron A
  - City Apron and Taxiways
